

# MaritimeONE Scholarship 2010

The **Maritime Outreach Network**, also known as **MaritimeONE**, is an industry-led initiative and serves as a key platform for maritime stakeholders to collectively raise awareness and attract quality manpower to the maritime industry. This would be achieved through a range of partnership activities including joint-student outreach activities, scholarships, internships, learning journeys and regular contact between maritime employers and tertiary students.

This initiative was jointly launched by the Singapore Maritime Foundation (SMF), Maritime and Port Authority of Singapore (MPA), Association of Singapore Marine Industries (ASMI) and Singapore Shipping Association (SSA) in April 2007.

## MaritimeONE Scholarships

The MaritimeONE Scholarship is an initiative spearheaded by SMF and various maritime partners. Since April 2007, our partners have pledged their commitment by providing the funding, offering internships and possible job opportunities in their companies for the scholars. Through these scholarships, SMF and its partners hope to attract more young talents to enroll in maritime-related courses and pursue a maritime career when they enter the workforce.

## About the Sponsors

The scholarships are supported by various maritime partners. To date, our sponsors include:

- A.P. Moller Singapore Pte Ltd
- FSL Trust Management Pte. Ltd
- "K" Line Pte Ltd
- Keppel Offshore & Marine Ltd
- Lloyd's Register Educational Trust
- Neptune Orient Lines Ltd
