

MaritimeONE Scholarship 2010

The **Maritime Outreach Network**, also known as **MaritimeONE**, is an industry-led initiative and serves as a key platform for maritime stakeholders to collectively raise awareness and attract quality manpower to the maritime industry. This would be achieved through a range of partnership activities including joint-student outreach activities, scholarships, internships, and regular contact between maritime employers and tertiary students.

This initiative was jointly launched by Singapore Maritime Foundation (SMF), Maritime and Port Authority of Singapore (MPA), Association of Singapore Marine Industries (ASMI) and Singapore Shipping Association (SSA) in April 2007.
