### **40 MPA and MaritimeONE scholars announced**

Despite the economic downturn, the maritime community is stepping up efforts to attract bright young talent to the maritime sector.

This is part of efforts by the Maritime and Port Authority of Singapore (MPA), the Singapore Maritime Foundation (SMF) and the maritime industry in Singapore to continue investments in manpower development, as so to better position the industry for the upturn.

MPA and key maritime industry players awarded a total of 40 outstanding students with scholarships and sponsorships at the MPA and MaritimeONE Scholarship Awards Ceremony on 3 August. Of these students, 24 will be pursuing their bachelor degrees and 16 will be pursuing diploma studies at the Singapore Maritime Academy in Singapore Polytechnic.

The scholarships and sponsorships given out included the MPA Scholarships, MPA Sponsorships, Tripartite Maritime Scholarship Scheme (TMSS), Seafaring Alternative...An Investment For Life (SAIL) scholarships and MaritimeONE Scholarships.

“Despite the downturn, the maritime community remains very supportive of the scholarships and sponsorships under the MaritimeONE initiative,” said MPA chairman Mr Lucien Wong, who presented the scholarships at the ceremony. “I would like to thank our maritime industry and the Singapore Maritime Foundation for their continued commitment to grow and nurture maritime talent.”

Organised for the second time, the joint MPA and MaritimeONE Scholarship Awards Ceremony reflects the successful partnership between MPA, maritime companies and institutes of higher learning to enhance maritime education and create a ready pool of professionals to drive the development of Singapore as an international maritime centre.

“We are pleased to announce that there are a total of 17 MaritimeONE Scholarships this year, up from 14 at the inaugural awards ceremony last year,” said Mr S.S. Teo, chairman of the MaritimeONE Steering Committee and SMF. “These scholarships are worth S\$438,500, adding to over S\$1.6 million committed by maritime businesses to the MaritimeONE Scholarship since its
