Quotes from new MaritimeONE Scholars

Ms Koh Ke Hui, 18, a SSA¹ – MaritimeONE Scholar, is amongst the new batch of scholars who received their awards this evening. Although she was diagnosed from birth with Achondroplasia (a bone growth disorder that causes disproportionate dwarfism), she never allowed her physical condition to stand in her way. In fact, her passion to lead and serve led her to becoming class chairperson twice in secondary school. A cheerful go-getter, Ms Koh set her heart on joining the maritime industry, and she aimed to enrol in the Diploma in Maritime Business (DMB) at Singapore Polytechnic, when she researched her options after the “O” levels. Currently in her first-year in the DMB course, Ms Koh has this to say, ***“After the first***

month of school, I was even more convinced that I had made the right choice in taking up Maritime Business after learning more about how the maritime industry works. I know I will enjoy my future work, and I want to be part of Singapore's maritime industry in the years to come."

Another new scholar this year is Mr Benny Tan, 24, a "K" Line²-MaritimeONE scholar. Mr Tan decided to make the switch to the maritime industry and take up the Bachelor of Science (Honours) in Maritime Studies at the Nanyang Technological University, after completing his diploma programme in Optometry. He said, "***Having done my research and after speaking to people, I am convinced that there are great opportunities for me in the maritime industry after I graduate, given the importance of shipping to world trade, and the pivotal roles that Asia and Singapore play. I am looking forward to the possible travel and work opportunities overseas in my future maritime career."***

A total of **11 TMSS scholarships** were also awarded at the ceremony this evening, valued at **over S\$600,000**, for students enrolled in the Nautical Studies and Marine Engineering diploma programmes offered at the Singapore Maritime Academy in Singapore Polytechnic.

(A) MaritimeONE Scholarship Programme

The MaritimeONE Scholarship programme is spearheaded by the Singapore Maritime Foundation (SMF) as one of the key initiatives to nurture talents for the Singapore maritime sector. Sponsoring companies provide the funding for these scholarships and these scholarships are administered by the staff of SMF. Some of the sponsoring companies also offer internship opportunities for the scholars during their school term.

A total of 22 maritime-related degree and diploma programmes are supported by the MaritimeONE scholarships. These courses have been identified by SMF in consultation with maritime-related organisations, which are at liberty to select the course(s) which they would be keen to sponsor their scholars for. This list increases every year as companies welcome talents from diverse backgrounds to meet the increasing manpower needs of the burgeoning maritime industry. As the MaritimeONE Secretariat, SMF publicises the MaritimeONE scholarship programme to students for these 22 degree and diploma programmes. SMF also coordinates the interviews for sponsors to meet scholarship applicants. After the interviews, sponsors would then advise SMF on the candidate(s) that they would be keen to award their scholarship to.

This year, 18 companies are sponsoring 40 MaritimeONE scholarships, valued at more than S\$815,000. Of these, 32 of the awarded MaritimeONE scholarships are bond free.
