SMF New Year Conversations 2022

The annual SMF New Year Conversations will be back on 13 Jan 2022.

Formerly known as the SMF New Year Cocktail, the event will be graced by Minister for Transport and Minister-in-charge of Trade Relations, Mr. S Iswaran, who will deliver a speech. Highlights include a panel discussion on the topic "Opportunities amid Disruptions: Maritime Singapore in the post-pandemic World" and the global launch of the DNV-Menon Leading Maritime Cities of the World 2022 report.

Register to join us virtually [here](#).

The banner features a dark blue background with a city skyline and a ship. On the left, the SMF Singapore Maritime Foundation logo is displayed above the event title 'SMF NEW YEAR CONVERSATIONS 2022'. Below the title is a QR code and the event details: '13 January, Thursday 5:00PM - 7:45PM Livestream on zoom'. A 'Register Now' button is at the bottom center. On the right, a circular portrait of Mr. S Iswaran is shown, with his title 'Guest-of-Honour Mr S Iswaran Minister for Transport & Minister-in-charge of Trade Relations' below it.

Recent Highlights

Building a Resilient Maritime Workforce

those that work with students and jobseekers in schools and career centres,

This year, speakers from [Workforce Singapore \(WSG\)](#), the [Employment and Employability Institute \(e2i\)](#) and [Singapore Polytechnic](#) shared a specially curated suite of skills upgrading programmes for the maritime sector.

Read the event recap [here](#).

Catch a replay of the event [here](#).

Nanyang Polytechnic and Singapore Management University Students Crowned Champions at MSC Maritime Digital Challenge 2021

129 tertiary students across 35 teams participated in the inaugural [MSC Maritime Digital Challenge](#).

Under the mentorship of maritime professionals from Eastport Maritime, Kanda/Eastern Pacific Shipping and Torvald Klaveness, the finalist teams harnessed Virtual Reality technology and gamified innovative solutions to tackle real-world maritime issues.

Team Penta Crew and Team Chocolate Whales from Nanyang Polytechnic and Team Klaver from the Singapore Management University were announced champions of Eastport Maritime, Kanda and Torvald Klaveness respectively.

MaritimeONE Scholars Contribute to Vulnerable Communities

Annually, [MaritimeONE scholars](#) participate in the MaritimeONE Scholars' Advance to give back and strengthen ties with the community.

This year, SMF partnered with [FoodBank](#). 43 scholars packed and distributed food bundles to vulnerable groups from [Thye Hua Kwan](#) Senior Care and Activity Centres as well as Moral Senior Activity Centre.

Record Number of Job Opportunities on Offer at MSC Maritime Career Fair

More than 180 jobs by 23 companies across commercial, operations, technology, corporate finance, human resources as well as sales and marketing were on offer at the MSC Maritime Career Fair, which ran virtually from 25 to 29 Oct 2021.

Participants had the opportunity to network with maritime professionals and discover the diverse career opportunities in the industry. To equip participants with future-ready skills, the career fair featured a "Personal Branding in Your Job Search" Seminar conducted by Workforce Singapore (WSG) that imparted them with resume writing and interview skills.

An isometric illustration of a career fair booth. The booth is a white cube-like structure with various displays, including a large screen showing a ship, a smaller screen with a logo, and several informational panels. People in business attire are interacting with the displays and each other. The background is a dark blue field with glowing blue circuit lines and dots. The text 'MSC MARITIME CAREER FAIR' is prominently displayed in large white letters, with '25-29 OCT 2021' below it. At the bottom, it says 'An Initiative of SMF Singapore Maritime Foundation' and 'Organised by MARITIME SINGAPORE CONNECT' with their respective logos.

From Civil Servant to Maritime Lawyer

Graduating with a Bachelors in Political Science, Ms. Maureen Poh worked with the Singapore Ministry of Foreign Affairs (MFA) for a couple of years. That stint exposed her to maritime and helped to foster her passion for maritime. Determined to be a maritime lawyer, Maureen decided to pursue a Law Degree with the National University of Singapore.

Find out what compelled her to make a career switch [here](#).

Leading Maritime Towards Decarbonisation

Prof. Lynn Loo has spent a large proportion of her career in chemical engineering and materials science research. Despite being a newcomer to maritime, she remarks that it is an extremely welcoming industry that offers a spectrum of opportunities.

Maritime is poised for change and Prof. Loo is leading the charge towards decarbonisation as the CEO of the [Global Centre for Maritime Decarbonisation](#).

Check out her story [here](#).

Sembcorp Marine and Partners Attain AIP from ABS to Design an Ammonia Bunkering Vessel

Sembcorp Marine together with its partners, Mitsui O.S.K Lines and ITOCHU Corporation, have attained Approval in Principle (AIP) from the American Bureau of Shipping (ABS) for the conceptual design of an ammonia bunkering vessel.

The collaboration to explore the viability of ammonia as a marine fuel paves the way for emission-free shipping in the future. It also demonstrates Sembcorp Marine's commitment to support the marine industry's transition with the provision of innovative and sustainable solutions.

A Message from Our Partners

Renewal of Block Exemptions for Liner Shipping Agreements

Vessel Sharing Agreements (VSAs) are exempted from competition laws and are key to the shipping industry. In Singapore, VSAs have been covered by a block exemption from the Competition Act since 2006. The Competition and Consumer Commission of Singapore announced in 2021 that the exemption will be extended for another 3 years (from January 2022 to December 2024).
