**YOUR
MARITIME
JOURNEY
STARTS
HERE**

MARITIMEONE.SG

Connecting Talent and Industry.

"We're keen to help maritime students broaden their industry understanding with holistic learning. So, the MIP was a great platform to promote this internship."

*Gerald Ang - Head of Maritime Iron Ore,
Maritime & Supply Chain, BHP*

"Always come in with an open mind and ask questions at any stage of your internship. You will be surprised about how much more you can learn!"

Florence Lim - Maritime Analyst Intern, BHP

"The MaritimeONE Scholarship will serve as a compass guiding me towards a career enriched with practical wisdom, industry insights, and a network of mentors who will help me navigate the seas of the maritime profession."

Tz Lung - MaritimeONE Scholar

**Make a difference
by joining the maritime industry today!**

Through the MaritimeONE programmes, the Singapore Maritime Foundation connects youths with the industry by offering them experiential learning opportunities that prepare them for purposeful careers in the sector

3 REASONS TO JOIN THE MARITIME INDUSTRY

BE PART OF A PURPOSEFUL AND GLOBAL INDUSTRY

Maritime is a pillar of the global economy and is responsible for the carriage of more than 80% of world trade. The vast majority of the world's goods from high-tech machines to wheat and grain are shipped by sea.

THE FUTURE OF MARITIME IS BRIGHT AND GREEN

Maritime is a growth industry on the cusp of transformation. With smart ships and green fuels on the horizon, there are exciting career options for those with an interest in business, data, technology, engineering, ESG, and more.

DIVERSE CAREER OPTIONS

Singapore is home to some of the world's largest shipowners/operators, ship brokers, managers, and insurers. Leading banks and law firms have shipping practices, and there is a growing cluster of technology start-ups adding dynamism to the ecosystem. The opportunities to build your career are diverse and exciting.

YOUR MARITIME JOURNEY STARTS HERE

1 FOR ME IT'S MARITIME

The maritime industry isn't just about ships – it's about powering global trade, driving green innovation, and shaping the future of technology. Whether you're drawn to sustainability, cutting-edge tech, or leadership, find what matters most to you. The **journey starts here**.

2 SCHOLARSHIPS

The **MaritimeONE Scholarship** kickstarts your journey into the multi-faceted global maritime industry – an industry that intersects business, computing and IT, finance, data analytics, economics, engineering, insurance, international trade, shipping and logistics, regulatory compliance, and more.

MaritimeONE Scholars will receive valuable opportunities to build a strong foundation for their careers through mentorships, internships, conferences, networking events, and career workshops.

3 CAREER PORTAL

Apply for internships and full-time positions offered by leading maritime employers. Get your free MaritimeONE Career Portal account today.

4 BURSARIES

The **MaritimeONE Bursary Fund** is here to support you if you come from a financially disadvantaged background and want to pursue a career in the maritime industry.

5 INTERNSHIP PROGRAMMES

This **MaritimeONE Internship Programme (MIP)** is a collaboration between SMF and the industry to nurture a maritime-ready talent pool. It provides tertiary students with meaningful exposure across various industry segments

January to May Credit Bearing

– NTU Year 3 Maritime Business Studies students

May to August

– All universities, disciplines, and years of study

May to August Law Internship

– LLB and JD students from NUS, SMU, and SUSS

July to November Credit Bearing

– SMU Year 2 and 3 students taking Work-Study-Elective (WSE)

Off-cycle (anytime outside of above periods)

– All tertiary students

The **MPA Global Internship Award** is a 12-week internship from **May to October** including an overseas component of up to 6 weeks. It offers students a valuable opportunity to build skills and knowledge in maritime, gaining global perspectives at reputable international maritime companies.

6 MARITIMEONE CASE SUMMIT

Keen to apply your skills to address real world challenges? The **MaritimeONE Case Summit** offers tertiary students a chance to respond to challenge statements from leading multinationals such as CMA CGM, BHP, Eastern Pacific Shipping, Maersk, ONE, Pacific Carriers Limited, Rio Tinto, Standard Chartered Bank, and more.

7 CAMPUS & COMPANY CONNECT

MaritimeONE Campus Connect: Discover industry trends and career opportunities through engaging talks by leading maritime organisations, brought directly to your university campus.

MaritimeONE Company Connect: Join learning journey to visit maritime companies and explore career opportunities in the industry

8 MARITIMEONE CLUB

The **MaritimeONE Club** is a vibrant network of students and young professionals interested in the maritime industry.

Join us to participate in knowledge-sharing sessions and workshops, connect with like-minded peers and elevate your career in a supportive community! Membership is free.
